FROM: Max Hugel
Deputy Director for Administration

SUBJECT: Overseas Alcohol Program

STAT

1. I had a meeting this morning with Drs. Ingram, [redacted] and [redacted]. We discussed the overseas alcohol program and what I told them was that if they are going to have a program they should design it in such a way that they should get the support of the COS to assign someone at the station to continue to be involved with that program so that we have an ongoing alcohol prevention program rather than one that is just periodic when someone happens to be there.

2. They said they would come up with recommendations on how to do this and agreed that this is a good idea.
